Navigating the Potentia Market

Latens Potentia Systems – Foundational Drop

---

1. What the Potentia Market Is

The Market is **our vault** — every tool, guide, and service we offer lives here.
We call them **drops** — because they arrive fast, fresh, and ready for deployment.

---

2. How the Market Is Organized

When you land on the Market page, you'll see **sections** — each section holds a category of drops:

- **Bots & Scripts** – Automation tools, lead extractors, system scripts.
- **PDFs & Guides** – Playbooks, manuals, strategy docs.
- **Ebooks** – Deep dives on topics that matter to ops.
- **Services & Hardware** – Network setup, Cisco-grade installs, and more.

---

3. Finding What You Need

- Scroll through sections — each drop is a **card** with a title, image, and button.
- Click the **button** to open a quick popup with more info and the download link.
- New drops will always be **highlighted at the top** of their section.

---

4. How Updates Work

- **WhatsApp** – We announce drops instantly on status updates and you can also ask for assistance.
- **Telegram** – Acts as an archive — you can scroll back and grab older drops also ask for assistance.
- **Site** – The HQ; it's always updated with the latest.

---

5. Quick Tips for Market Ops

- **Check often** — new drops can appear without warning.
- **Grab first, read later** — some drops are limited-time.
- **Connect your bases** — site + TG + WhatsApp keeps you in the loop.
